

## **Mr John THOMPSON**

Executive Chair, Robust Details Limited

### **Biography**

Mr John THOMPSON is the Executive Chair of Robust Details Limited (RDL). RDL is a UK-based, independent, non-profit company formed in 2003 to provide an alternative to pre-completion sound testing for new-build homes. It certifies specific separating wall and floor constructions designed to meet or exceed building regulations for acoustic performance. It is an organisation that can approve Part E sound insulation details in England and Wales, ensuring developers meet regulations without conducting on-site testing.

Mr THOMPSON joined RDL in 2009 and is an accomplished business leader with an MBA from Warwick Business School. Within RDL, he has built a strong track record across commercial, operational, and financial leadership roles. His broad remit and hands-on leadership approach have been instrumental in strengthening the company's performance and operational resilience.
