

# Technical Visit to the First ArchSD MiC Project Site

25 July 2020 (Saturday)

9:30 am - 12:00 noon

**Construction Site of Disciplined Services Quarters for the Fire Services Department at Pak Shing Kok, Tseung Kwan O**

(Assembly Point: Tseung Kwan O MTR station)

This technical visit is targeted at green building practitioners in developer/consultant firms who have an interest in Modular Integrated Construction (MiC). The project is the first Architectural Services Department (ArchSD) project adopting "MiC" (Modular Integrated Construction) technique on a large scale. It is a disciplined services quarters located at Pak Shing Kok, Tseung Kwan O and is built for the staff of Fire Services Department. The construction contract commenced in Q3 2018. Completion is expected in late 2020. This project consists of 5 towers that are 16-17 storeys high, each floor being made up of 8 units providing 648 units in total. The units are 50 sq.m 3-bedroom type. There are about 3,800 MiC modules. More than 1/10 of the modules have been installed on site.

## Important Notes

The building is still under construction. Participants are required to follow the safety instructions given by the organisers and to take necessary safety precautions during the visit. All participants are required to wear safety helmets provided by the building contractor. Participants shall note that neither HKGBC nor the parties concerned would accept liability in connection with this event.
